Logical Puzzles

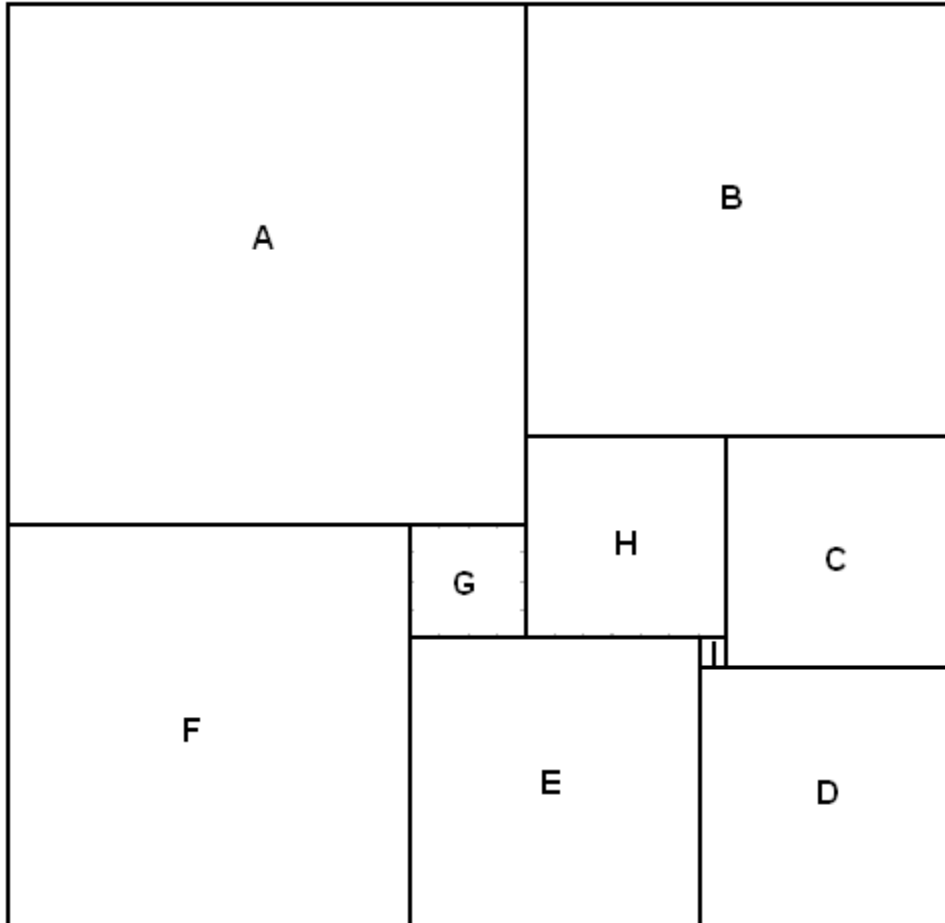

Name: _____

Given that each of the lettered figures is a square and that:

Area of C = 64

Area of D = 81

Find the area of each square. Also, is the overall figure a square?

Given that each of the lettered figures is a square and that:

Area of A = 64

Area of I = 4

Find the area of each square. Also, find the dimensions of the overall figure. Is it a square?
