Go to the website for:

- Daily Information and Notes
- Assignments
- Grades
- Other valuable stuff

Needed Materials

**** Students are NOT permitted to go to their lockers once class begins to get any of these items! ****

- 3 Ring Binder:
 - Provide any 1.5"-2" binder to store handouts, notes, homework, and graded items
- Notebook Paper
- Pencils and erasers
- Calculator (OGT Calculator – Ti-30X IIS recommended, but any scientific calculator would work ~ \$10)
- CHS Student Planner! You must have this in class daily.

Course Objectives

1. Prepare students for success on the Ohio Graduation Test (OGT) in Mathematics.
2. Prepare students for a successful transition to Algebra 1.

Course Content

In order to successfully prepare students for the OGT, we are dividing the course into 4 units to align with the Ohio Graduation Test in Mathematics:

- Unit 1: Number, Number Sense, and Operations
- Unit 2: Patterns, Functions, and Algebra
- Unit 3: Data Analysis and Probability
- Unit 4: Geometry, Spatial Sense, and Measurement

Classroom Rules (** In addition to school rules **)

1. Be in your seat ready to go by the time the bell rings.
2. Respect everyone and everything in the room!
3. Only work on material for this class during this class.
4. Have a positive attitude each day!

Discipline Policy

We will work with students to encourage them to stay on task and minimize their behavior that violates school and class rules. Many times, informal warnings will be issued. If these behaviors continue, we will progressively issue detentions, contact parents, and refer the student to a principal.
